DETAILED ACTION

Claims 13-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ha.

The rejection was presented in the previous office action.

Allowable Subject Matter

Claims 1-12 are allowed.

Response to Arguments

Applicant's arguments filed have been fully considered but they are not persuasive. Applicant's arguments regarding the transistor connections did not pertain to the subject matter of claims 13-16 as these claims did not have those limitations. These claims simply have the existence of a contact hole that is filled, a feature required for and transistor to exist.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
